

WE HAVE AN ERUV

Thornhill Woods now joins 150 eruv-cities around the world with the completion of it's eruv on Friday October 12, 2007. This is a remarkable achievement and will greatly enhance the value of Jewish living as well as the properties in the area. The area includes all of Thornhill Woods but not the surrounding perimeter roads including Bathurst, Rutherford and Dufferin.

Another great enhancement to Thornhill Woods is the recent re-location of our Shabbat services to the Thornhill Woods Public School three weeks ago. This move has seen our weekly attendance almost double and the expansion of programs and classes for adults and children.

The eruv is checked weekly on Friday mornings by a dedicated corps of volunteers and the status of the eruv will be posted in on the web at www.jcill.com and through our office at 905.762.0566.

As more infrastructure, services and programs are developed to meet the ritual, cultural, social and educational needs of the Jewish population in the area, North Thornhill/ Richmond Hill will no doubt be a vibrant Jewish place to live for many years to come.
